## DISCOVER FLEMISH BRABANT FOR CYCLING HEROES

We know how to race. From heroic climbs and breath-taking descents. From cobbles that make you shiver and straight concrete roads to go full gas. You can ask Eddy Merckx where he got the taste of it. Or ask Sven Nys, who's sharing the cyclo-cross course on his Balenberg with everyone. But this is also the home of the younger generation of cyclists. Remco Evenepoel prefers racing over the roads of the Pajottenland. Jasper Stuyven has basically tested all of these roads during his long trainings rides from his home city Leuven. It's no coincidence that the biggest riders in Flemish-Brabant gathered to decide on the very best rider during the 100th birthday of the UCI Road World Championships.

Not only can you speed on these beautiful cycling roads, the off-road adventure is also calling when you leave the flat roads. The nicest gravel routes show you places your car will never get you. Take your mountain bike or cyclo-cross bike and challenge yourself on the exhausting single tracks through the woods and fields. That much variation and so many disciplines can only be found in our province. It's up to you to discover it all. So stay a little longer, because one day sure is not enough!

# RACE INFORMATION

Are you usually to be found by the side of the road on Moskesstraat or Hagaard? Or do you prefer to soak up the racing atmosphere at the start and finish? The choice is yours! You can even combine the start and finish! Below you can find all the circuit-related information you need to plan a fun race day!

As in previous years, the character of the women's and men's race has been retained: a spring classic filled with Flemish Brabant's gruelling climbs. After the women's start in Lennik and the men's in Leuven, a few climbs await in the Brussels periphery, such as the Bruine Put and Sollenberg.

Once the peloton enters Overijse, the local laps of about 22 kilometres respectively attack the Hagaard, Hertstraat, Moskesstraat, Holstheide and the S-bend climbs.

For the women, after a 141-kilometre race incorporating 24 climbs, we will find out who will succeed Ruth Winder at around 14:25. We will find out who will succeed Tom Pidcock in the men's race over 25 climbs after a 205-kilometre race, at around 17:40.

## FIANDRE. THE FINEST BALANCE.

Fiandre represents our vision of the perfect balance between racing fit, weather protection, and versatility.

The result is a line that's perfect for racing in adverse or variable conditions. We called it Fiandre, Flanders in Italian, because that's the place where you are most likely to face these conditions.

Be ready for the finest balance.
