THE TOUR AND GOOD DRIVING

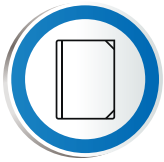

DISINFECTION
- I disinfect and clean the interior of my vehicle with virucidal products every day

CONTROL OF YOUR VEHICLE
- Check it visually every time before you drive it and check the tyre pressures every week

BE READY AND ALERT
- Stick to a healthy lifestyle for the 3 weeks (sleeping well, eating well...)

ROADBOOK
- I read the roadbook
- I prepare the stage in advance and note the distinctive features

SEATBELTS
- Their use is obligatory in both the front and rear seats of vehicle

RESPECT
- Instructions given by the race organization (access, evacuation);
- Other race followers;
- The places you are travelling through that are hosting the Tour

REGULATE SPEED AND KEEP A SAFE DISTANCE BETWEEN VEHICLES
- At 30 or 50 kph in builtup areas, according to road signs;
- At 30 kph when there are large crowds at the roadside;
- At a maximum of 80 kph outside built-up areas

KEEP HEADLIGHTS ON
- Headlights are to be used constantly on dipped beam (even if your vehicle is equipped with daytime running lights)

ON PRIVATISED AND PUBLIC ROADS
- Respect the rules of the road and remain attentive to road signs

PSYCHOTROPES
- Alcohol limit: 0.0g/litre of blood;
- Alcohol screening and tests for cannabis use will be carried out during the race

MOBILE/CELL PHONES
- Drivers are prohibited from using them

U-TURNS ARE NOT ALLOWED
- Driving against the flow of traffic on the race route is strictly prohibited, even over a short distance

Penalties

All improper behaviour (speeding, use of mobiles, not respecting the rules, etc.) will be subject to penalties ranging from a warning to temporary exclusion from the race, or even a more severe penalty for more serious or repeat offences.

- **Refusal to obey vehicle regulations** will result in the immediate withdrawal of the vehicle concerned from the race caravan and its driver being called before the disciplinary committee.
- **The tolerances allowed on the roads within this privately run event** do not extend to lessening of the criminal responsibility of every driver in the event of an accident.

BE AWARE, IT'S YOUR TOUR!

PLEASE BEHAVE RESPONSIBLY!

For more than a decade, the Tour de France has been implementing measures to reduce its environmental impact. Along with local councils, the Assembly of French Departments (ADF) and organisations such as Les Connexions, Gestes Propres and ecosystem, you too can become a major player in our initiative.

AND ONCE AGAIN THIS YEAR:

ecosystem recycler c'est protéger is joining us to manage the disposal of small items that are no longer needed (e.g. coffee makers, bulbs...).

WASTE MANAGEMENT

TO EVERYONE ON THE TOUR!

- **You're responsible for the waste that you generate, both in the areas where you're working and when you're in other zones on the race!** You need to make proper use of the waste management systems that are set up in the Tour de France's different zones (Technical Zone, press centre, service stations, etc.). If there aren't any rubbish bins close to hand, you should hold on to your litter until you can dispose of it later. You shouldn't leave rubbish in a corner or lying on a table at any time and you also shouldn't throw anything on the ground, no matter whether you're in one of the Tour de France's zones, out on the road, or in a hotel! If you're a smoker, **don't throw your cigarette butts on the ground.** Ashtrays can be provided by the race's environmental coordinators.
- **You're responsible for the health protection equipment that you've used** (masks, gloves, tissues...). You should never leave them lying around or throw them on the ground. Once you've used them, put them in the bins intended for household waste (grey bin bags, containers with grey stickers).
- **You're responsible for sorting out** recyclable packaging, batteries and electrical equipment, using the disposal facilities put in place in the different zones. You should identify the contents by sticking labels on them.
- **You should use the rubbish bags provided by the Tour de France and dispose of them in the containers provided for this purpose** in the different zones (bags can be collected from the permanence at the Grand Départ, in the Technical Zone in the Tour Village at stage starts and from waste management coordinators present at starts and finishes throughout the race).

IF YOU'RE PART OF THE PUBLICITY CARAVAN

- **You should adjust the amount of material** you hand out depending on the location (watching out for water courses, cliff edges...) and the number of spectators at the roadside;
- **You should encourage fans to dispose sensibly** of the packaging that comes with the publicity products that are distributed to them.

IF YOU'RE A RACER

- **During the race,** when you need to throw away any rubbish (bottles,packaging), you should do so in the collection zones;
- **When you're not in these zones,** pass your rubbish to a car in the convoy or keep it in the pockets of your jersey.

DRIVING

IF YOU'RE USING A CAR ON THE RACE

- You should switch off the vehicle's engine if you stop for more than a minute;
- You should encourage car-sharing whenever possible;
- You should drive in an eco-friendly manner, paying attention to your speed (less pollution, less consumption).

Waste management coordinators can be found at the start and finish of every stage and will ensure proper implementation of these initiatives and provide you with advice.

Don't hesitate to contact them if you've got any queries or want to dispose of specific waste items (electrical equipment, lamps...).

Beyond the finish line is a sensitive zone:

- the security of the riders is paramount;
- the work of their team and the media take priority.

If you do not have any reason to be in this zone, you must leave it when you hear an audible signal announcing the imminent finish of the race.

Tour de France management and representatives of the Amaury Sport Organisation will be responsible for checking the validity of your presence and could, if necessary, withdraw your accreditation.

CYCLE CITY 2023 TOUR DE FRANCE

Prefecture of Hautes-Pyrénées (65)
Population: 44,000 (Tarbais and Tarbaises), 230,000 within Hautes-Pyrénées
tarbes.fr · hautespyrenees.fr

Tour de France: Stage town for the 15th time. In 2019, it was after a stage start in Tarbes that French hopes were raised of seeing one of their own succeed Bernard Hinault, the last home winner in 1985. Thibaut Pinot won with panache at the summit of the Tourmalet and was right in the battle for yellow. Six days later, though, that dream turned into a nightmare: a thigh injury forced his withdrawal.

- **Cycling:** 20km of bicycle paths and lanes, Vélorue in the city centre (priority to cyclists) over a distance of 2km, 11km of rides along the banks of the Adour, Véloroute du Piémont Pyrénéen bike route, self-service electric bikes

Tour de France: Stage town for the second time. In 2004, Robbie McEwen stood out on a stage between Saint-Léonard-de-Noblat and Guéret. But the town's name is most closely associated with its most famous citizen, Raymond Poulidor, the legendary "Poupou".

- **Cycling:** Two Véloroutes pass through Saint-Léonard, the V93 (Limoges › Lac de Vassivière) which passes through the town centre, and the V56 (Camino de Santiago by bike, Vézelay › Limoges)
- **Sport and culture:** Raymond Poulidor's adopted home. Leather industry and porcelain factories. *Facilities:* Espace Aqua'Noblat, sports hall, gymnasium

Tour de France: Stage town for the 14th time. In 1964, it was on the slopes of the puy de Dôme that one of the most famous episodes in Tour history took place, the incredible elbow-to-elbow battle between Jacques Anquetil and Raymond Poulidor. After dropping his rival, Poulidor finished third on the stage won by Julio Jiménez. But he missed out on the yellow jersey... by just 14 seconds!

- **Cycling:** A hill-climb of the Puy de Dôme is organised once a year by the French Cycling Federation on the service road alongside the train tracks
- **Sport and culture:** The Chaîne des Puys-faille de Limagne, which features 80 volcanoes, is a UNESCO World Heritage Site. The first ascent of the Puy de Dôme by bicycle was undertaken by Fernand Ladoux of the Véloce Club Auvergnat in 1892. Chaîne des Puys-faille de Limagne

Since 2018, the Chaîne des Puys-faille de Limagne site has been listed as a UNESCO World Heritage Site due to being a tectonic hot spot. The Puy de Dôme (1,465m), a Grand Site de France, is a symbol of the city's identity and dominates the Chaîne des Puys and its string of 80 volcanoes. Accessible on foot or by narrow-gauge rack railway, it offers an exceptional panorama from the Limagne to the Sancy mountains.

Cathedral of Notre-Dame-de-l'Assomption

The emblematic cathedral stands on Clermont's central hill, in the heart of the old city. It's the first and largest building built entirely of Volvic lava stone. Its construction began in the 13th century and was completed in the 19th century under the direction of the famous architect Viollet-le-Duc. He was behind the two 90m-high spires. The chevet is characteristic of the gothic style of the Île-de-France. The cathedral contains a unique collection of murals and stained glass windows from different periods, including rare Romanesque windows.
Place de la Victoire, Clermont-Ferrand

Basilica of Notre-Dame-du-Port

A masterpiece of Romanesque art! Listed as a UNESCO World Heritage Site as part of the French Pilgrimage Route to Santiago de Compostela, the 12th century basilica is famous for its pyramidal chevet decorated with rosettes, its sculpted portal and more than 250 Romanesque capitals (topmost part of a column) with remarkable decorations.

Tour de France: Stage town for the first time

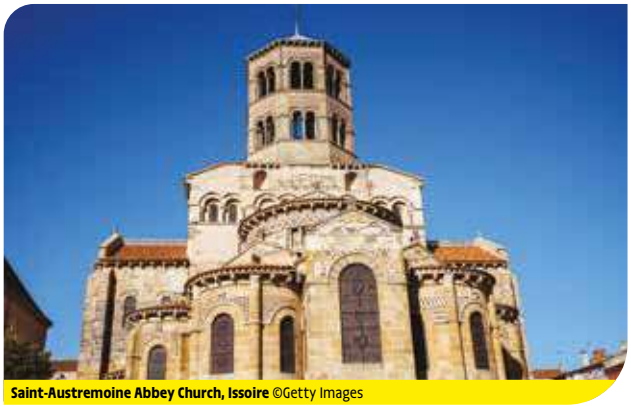

- **Cycling:** The 2023 season is themed 3V, for Vélo, Volcans, Vulcania, featuring the Vulcan track (a pump track in the park offering agility and handling tests) and the Tambora draisiennes (balance bikes, see note below), on which children can hone their skills on a specifically designed course
- **Culture:** The Chaîne des Puys-faille de Limagne is listed as a UNESCO World Heritage Site as a result of being a notable tectonic location. Vulcania, inaugurated in 2002, is based on three primary themes (volcanoes, natural phenomena, the Earth in space)
- **Sights:** Planetarium (the largest in France), attractions, scientific activities, shows, exhibitions
- **Gastronomy:** Auvergne potée (sausage and vegetable stew), truffade (potato pancake with cheese), cheeses (saint-nectaire, fourme d'Ambert)
- **Note:** Tambora is an Indonesian volcano whose violent eruption in 1815 resulted in climatic change across the planet, which led to famine due to a fall in harvest yields. Horses, which were the only means of transport at the time, had to be slaughtered for food, particularly in Germany. Two years later, in 1817, Baron Karl Drais invented a machine with wheels to replace them. The draisienne, the ancestor of the bicycle, was born

Tour de France: Stage town for the fifth time. In 2011, it was on a stage that started Issoire and headed to Saint-Flour that Thomas Voeckler began a second epic spell in yellow. Part of a strong breakaway, he finished second on the stage behind Luis León Sánchez and began a ten-day stint in the yellow jersey, emulating his feat of 2004.

- **Cycling:** 15km of cycling facilities and about 60 parking points. WHAT TO SEE AND DO

Saint-Gervais Mont-Blanc ski domaine ©Hugo Guillerez

saintgervais.com • **hautesavoie.fr**

Evasion Mont-Blanc ski domain

The domain includes seven resorts: Saint-Gervais Mont-Blanc, Saint-Nicolas, Megève, Combloux, La Giettaz, Hauteluce and Les Contamines Montjoie and has more than 400km of runs (the third largest domain in France). A family-focused domain with a unique panorama of the Mont Blanc and Aravis chains. In summer, the ski lifts allow you to enjoy many activities: downhill mountain biking, hiking...
ski-saintgervais.com

Mont Blanc Tramway

The highest cog-driven railway in France, leaving from Le Fayet or Saint-Gervais and climbing to the Les Houches-Saint-Gervais ski domain in winter and to the Nid d'Aigle (2,372m) in summer, where you can view the Bionnassay glacier.
In 2022, four new locomotives were brought into service: Anne, Marie, Jeanne and the latest arrival, Marguerite, named after the daughters of the founder of the operating company.

Saint-Nicolas-de-Véroce Church

The church of Saint-Nicolas is a jewel of Alpine baroque art, built in the first half of the 18th century, it has one of the most sumptuous baroque decorations in the Mont Blanc region.

Hautetour Fortified House

This former fortified house from the 13th century currently houses the exhibition "Alpine Refuges: From makeshift shelters to high-altitude tourism". This traces the history of mountain refuges from the first adventurers to the development of modern-day tourism.

Saint-Gervais Thermal Baths

Nestled at the bottom of the Thermal Park and steeped in 200 years of history, the Thermes de Saint-Gervais offer spa-goers and visitors the benefits of ancient waters with exceptional therapeutic properties. Discovered in 1806, the thermal water springs from the heart of Mont Blanc and is loaded with minerals and trace elements with restorative powers. This particularity makes Saint-Gervais a unique spa in the Mont Blanc region.

Tour de France: Stage town for the fourth time. In 1973, on a stage from Moûtiers to the resort of Les Orres, Luis Ocaña took off and crushed the competition in the first half of the Tour. He'd taken the yellow jersey the day before and went on to win a total of six stages as he ruled the race all the way to Paris, providing him with a nice form of revenge on the fates that had forced his dramatic abandon two years earlier.

- **Cycling:** Routes around the town and proximity to many mythical passes, Col de la Loze greenway (7km), reserved exclusively for cyclists, Moûtiers to Grand-Aigueblanche greenway
- **Sport and culture:** Intercommunal sports complex (two stadiums and four gymnasiums), canoe-kayak slalom white-water stadium on the Isère in the heart of the town, Roller hockey Tarentaise-Les Loups de Moûtiers (National 2), Entente Sportive de Tarentaise (football, regional level). *Events:* Street Art Festival, Painting, sculpture and photography fair, Before de Jazz
