FOREWORD

Robert Kolář

Chairman of the Organizing Committee

Dear sports friends, dear cyclists,

The Czech Tour is one of the greatest events on the Czech sporting calendar, and it's one I am particularly proud of. We are building a national sports treasure, and at the same time a high-quality international event.

We want to continually improve, with higher ambitions, and organise races that will regularly be on the calendars of the world's top riders and teams. We are preparing attractive and very demanding stages, while at the same time placing great emphasis on faultless service. We started cooperation with A.S.O. and Eurosport.

I would like to thank our general partner SAZKA, and all the other partners especially energy companies MND and ČEZ, regions and municipalities for their support. Special thanks to Czech sport agency NSA. Without them, an event of this type could not take place. Thanks also belong to the entire

organising team, volunteers and other colleagues who help us.

I send my best wishes to all the cyclists and hope they will all be at full strength and endurance, and benefit from the necessary dose of luck. I also wish a memorable and exciting experience for the spectators!

Aleš Veselý

CEO, Sazka a.s.

Dear cycling fans,

The biggest road stage race in the Czech Republic is upon us once again! Last year, we made it known that, as general partner, our vision was to make the Czech Tour one of Europe's premier cycling races and one of the

biggest sporting events in the Czech Republic. I am thrilled that this year's race shows we are on the right track. We have ambitious goals. In the years ahead, we want to establish the Czech Tour as one of the top 10 cycling races in Europe and join the World Tour series. We are committed to making the Czech Republic a permanent presence in world cycling and to playing our part in organising a race that will remain a fixture on the calendar for the world's best riders and teams.

The Czech Tour has tremendous potential. Previous years have demonstrated that the race is capable of great international reach and we have decided to harness this to the full. We are delighted to have

the backing of our parent group, Allwyn, which has a long history of supporting cycling. Czechs love cycling – we believe that this race has what it takes to become the most famous sporting event associated with the Czech Republic and can serve as a kind of showcase for the country.

This year, we are also placing more of an emphasis on sustainability, as reflected in the podiums and our unique modular furniture, which is made from upcycled Sazka lottery tickets and can be found in the rest area.

I wish all the competitors the best of luck and hope the fans get to enjoy an unforgettable experience.

Josef Suchánek

Governor, Olomouc Region

Whether you enjoy undulating countryside or a relaxing ride on the flat, you'll find it all in the Olomouc Region. From the level, gently rippling Haná, you can climb the highest Moravian mountains and ride through Jeseníky Landscape Park. The region has about 500 kilometres of cycle paths, electric bike charging points, and plenty of printed and online guides to help you find the best places to go for a great experience.

Dear fans of sport, and cycling in particular,

Where better for this cycling race to pass through than the Olomouc Region? This is a promised land for cyclists, offering everything they could possibly want. Really, just take a look around.

Obviously, the Czech Tour racers won't have time to drink in the view. Rather than wishing them a leisurely paced ride, my hope is that they get the most out of what they have been preparing for and achieve the results they have set for themselves.

Most of all, I want to them to reach the finish line safe and sound. Here's hoping the fans get to enjoy a great sporting experience and have a lot of fun. You're very welcome to extend your stay here – this is a region you'll never tire of.

Josef Bělica

Governor, Moravian–Silesian Region

Dear sports enthusiasts, cycling fans, and guests,

I am honoured to welcome you to such a prestigious cycling event as Czech Tour 2024. This celebration of sport has become part and parcel of the summer season both in the Czech

Republic and on the international cycling scene. On the way, the world's top cyclists – primed to give their best – will be taking on the roads of the Moravian–Silesian Region. This is a unique opportunity for Czech Tour 2024 participants to discover the beauty of the local countryside for themselves. The challenging mountain stages in particular offer spectacular views of the Beskids and the Jeseníky Mountains. Spectators lining the route and watching on their TV screens will be able to admire not only the breathtaking scenery, but also the astonishing efforts of world-class riders.

Czech Tour 2024 is not just a test of sporting prowess and competitiveness.

It is a triumph of perseverance, teamwork and the indomitable will to overcome obstacles. So it is fitting for me to extend my thanks to all those who have been involved in making the race happen – the organisers and their partners, local communities, volunteers and, of course, the cyclists who make Czech Tour such a memorable event. You make the race more spectacular with every year that passes, and provide an unforgettable experience for everyone.

I wish the riders and their fans countless moments of joy, excitement and euphoria. May Czech Tour 2024 leave you feeling invigorated and motivated to take up sport.

FOREWORD

Radim Holíš

Governor, Zlín Region

Dear road cycling fans,

It is an honour for us in the Zlín Region to be involved in such a prestigious sporting event as the Czech Tour. This year is our first foray into the event, but I am confident that we will do ourselves proud in front of the

Czech and world cycling community and establish a new sporting tradition. I am sure that both the riders and all the fans at the start, along the route, and at the finish line will enjoy the race's second stage, which our region is hosting.

I know Moravian Wallachia, through which most of the route of the second stage runs, very well, because it is my home. The unique landscape here offers pristine nature, excellent traditional cuisine, and distinctive folk culture and architecture.

I would like to invite you not only to the race itself, but also to visit other places in eastern Moravia – picturesque Moravian Slovakia and fertile Haná.

Here's hoping all the riders finish the route without any punctures or injuries, and achieve a time and position they are happy with. While the unpredictable weather, especially in the Beskids, can catch many off guard, I remain optimistic that it will turn out to be exactly what we all want. So let's enjoy the Czech Tour together.

Wishing you all the best in your sport, especially cycling.

Martin Netolicky

Governor, Pardubice Region

Dear fans of elite cycling,

The Pardubice Region and cycling – in all its forms – are a perfect match. Just look at the countless cycling trails, ranging from the very easy to those that can only be handled by seriously skilled and trained riders.

I am delighted that major cycling races keep coming back to our region, and the fact that they include both road and off-road events goes to show that we really have a lot to offer.

For me, a professional peloton passing through our region as part of Czech Tour 2024 is an extraordinary celebration for all cycling enthusiasts and fans, whether they're watching along the route or on their TV screens. This is a great opportunity for our region to showcase the local scenic beauty that the riders will be passing through and to draw attention to the famous and lesser-known sights here.

I am confident that professional cyclists will be returning to our region's

roads regularly, and I am equally sure that the general sports-loving public will make use of our high-quality network of cycle paths for both sport and tourism.

I would like to thank everyone who has helped to bring such a prestigious race to our region and I wish the competitors every success.

MĚNÍME ŽIVOTY SPORTOVCŮ K LEPŠÍMU

WWW.SAZKA.CZ/CHAMPS

KRYŠTOF KRÁL • SILNIČNÍ CYKLISTIKA

MORAVIAN-SILESIAN REGION

The fifth largest region in the Czech Republic with an area of 5,427 km² and the third most populous region after the capital Prague and the Central Bohemian Region with almost 1.2 million inhabitants.

More than half of the territory is agricultural land and thirty-five per cent of the area is forest cover. However, since the times of the Austro-Hungarian Empire, the Ostrava-Karviná Basin has been one of the most important industrial areas thanks to its coal deposits and the related metallurgical industry. Mining and industrial production are now gradually declining and the region is coping admirably with the unfortunate legacy of the most damaged environment in the Czech Republic.

Although the region is strongly connected to industrial Ostrava, there are also three protected landscape areas (Beskydy, Jeseníky and Poodří). The highest mountain range in the west is the Hrubý Jeseník with its dominant peak Praděd – at 1491 metres above sea level the fifth highest mountain in the Czech Republic and the only one that rivals the giants of the Krkonoše. In the southeast, the region is bordered by the Beskydy Mountains, whose highest peak is Lysá hora with a height of 1,324 m above sea level.

Ostrava will be the finishing town of the first stage. Formerly considered the steel heart of the republic,

immersed in a cloud of smog, it has emerged into beauty in recent years and proudly bears the status of the Moravian-Silesian metropolis. It has become not only a popular tourist destination, but also a favourite place for many filmmakers who admire its character and unmistakable atmosphere. While walking through the city, you may well bump into a film crew shooting a new movie, tv series or music video.

With approximately 300,000 inhabitants, Ostrava is the third largest city in the Czech Republic and is particularly worth a visit to see its unique set of industrial architecture in the Dolní Vítkovice area. However, it also attracts traditional cultural and sporting events such as the multi-genre music festival Colours of Ostrava, the Janáček May classical music festival, the top athletic event Zlatá tretra and the World Circuit beach volleyball tournament. When visiting the region, you shouldn't miss the state castle Hradec nad Moravicí, which was visited by Ludwig van Beethoven, Ferenc Liszt and Nicolo Paganini, and which played a leading role in the history of the Czech

lands for 700 years. Or be amazed by the Sovinec castle complex, which was founded in the 14th century and is the largest castle in Moravia. The ruins of Hulkvaldy Castle are also worth a visit.

Those who prefer urban tourism should not miss Opava, Karvina, Bruntál, Štramberk or Nový Jičín, with a historical square among the most beautiful in the Czech Republic. Nature lovers should then direct their steps to the Beskydy Mountains. The climb to the top of Lysá hora is one of the more challenging ones, but the reward is fantastic panoramic views. If you are looking for a quieter location, head to the second highest mountain in the Beskydy Mountains, Smrk.

OLOMOUC REGION

The sixth largest region in the Czech Republic with an area of 5266 km², a region of fertile lowlands and rugged mountains.

It is situated in the north and north-west of Moravia and the west of Bohemian Silesia, and is the seventh most populous region in the Czech Republic with almost 630,000 inhabitants. The regional capital is Olomouc, where the archbishopric of the Catholic and Orthodox Churches is also located.

The Olomouc Region shares the highest Moravian mountain range, Hrubý Jeseník, with the neighbouring Moravian-Silesian Region.

The west and south-west of the region are covered by the spurs of the Bohemian-Moravian Highlands, while the south-eastern part of the region is made up of lowlands and towns in the Haná region. The Morava River flows from north to south through the region, and the deepest abyss in the Czech Republic can be found here – the Hranice Abyss, with a total confirmed depth (both dry and flooded sections) is 473.5 metres, making it the deepest flooded abyss in the world.

The Column of the Holy Trinity stands in Olomouc, a monument built between 1716 and 1754 to the glory of God and in gratitude for the end of the plague. Thirty-two metres

high, the column is the tallest statue in the Czech Republic and has been inscribed on the UNESCO World Heritage List as one of the supreme works of Central European Baroque.

During this year's Czech Tour there are two start and two finish locations in the Olomouc Region. The whole race will start in Prostějov on 25 July, and if you go to the start, don't forget to take a look around the city. The Renaissance Old Town Hall with the exhibition of the Prostějov Museum, the Art Nouveau National House and the New Town Hall with its 66-metre-high observation tower and beautifully decorated Art Nouveau interiors are definitely worth a visit. The town nestled in the plains of the Haná invites you to wander around by bike. Dlouhé stráně will be the finish of the third stage. A renowned climb with an elevation gain of almost 900 metres over 14 kilometres will take the riders to the unique hydroelectric reservoir, the largest in the country and the third largest pumped storage power plant in the world. This technical gem has been one of the 7 Wonders of the Czech Republic since 2005.

The final stage will start in Šumperk, a town known as the Gateway of the Jeseníky Mountains. It is from here that the paths start towards the mountain resorts of Skřítek, Červenohorské sedlo and Ramzová. In addition to the natural beauties of the surroundings, Šumperk attracts visitors with sights from its rich history and cultural and sporting activities for the whole family.

PARDUBICE REGION

Pardubice region is the 10th largest in the Czech Republic with area 4,519 km² and the 11th most populous with more than 500 thousand inhabitants.

The region is nestled in the eastern part of Bohemia with a small extension into northwestern Moravia, and it boasts a rich tapestry of history, culture, and breathtaking natural landscapes. From the peaks of the Orlické Mountains, Iron Mountains and Králický Sněžník to the fertile Elbe River lowlands, the Pardubice Region offers something for every traveller.

Pardubice, the region's capital, is a vibrant city steeped in history and traditions. Explore the well-preserved historic centre, admiring the architectural gems like the Green Gate (Zelená brána). Every October you can witness the excitement of the renowned Pardubice Steeplechase, a thrilling horse race considered one of the toughest in the world.

History buffs will be enthralled by the UNESCO-listed town of Litomyšl, renowned for its Renaissance architecture and the birthplace of the famous composer Bedřich Smetana. For a unique historical experience, visit the enchanting town of Slatiňany, famous for its Kladruby stud farm, a UNESCO World Heritage Site known

for breeding magnificent Kladruber horses, a breed favoured by European nobility for centuries.

The Renaissance chateau and historic centre of Moravská Třebová recalls the time when this town was a centre of humanistic education and was nicknamed Moravian Athens. The heart of the city, due to host the start of the 3rd stage of Czech Tour, is the square with a plague column and a Renaissance town hall, the baroque Church of the Assumption of the Virgin Mary and, above all, the beautiful Renaissance chateau with arcades are nearby. Several tours inform you about the history of Moravská Třebová, its bourgeois and rural life, but you can also see a medieval torture chamber, or the alchemical laboratory of Master Bonacina, an astrologer, alchemist and court physician of Lord Vladislav Velen from Žerotín.

Moravská Třebová also has a museum whose history was written in golden letters by the patron and traveller

Ludwig Holzmaister (1849–1923). The interactive and multimedia exhibition Museum of the Egyptian Princess or Journey Around the World presents precisely the objects that he collected on his travels, enlivened by sound effects. You may also see samurai swords, and a great experience is to have a look at the face of the Egyptian princess Hereret, who lived almost three thousand years ago. She is the first mummy in Czechia for which experts have created a 3D visualisation.

The Pardubice Region is a paradise for nature enthusiasts. Hike or bike through the lush forests of the protected areas such as the Orlické Mountains, marvelling at the captivating scenery, or try to ascend the dominant Králický Sněžník. Cycle along the Elbe Greenway, a picturesque route that follows the Elbe River, offering stunning views and charming villages along the way.

ZLÍN REGION

The Zlín Region, which lies in the southeastern part of Moravia in the Czech Republic, offers a surprising blend of modern innovation and historical charm.

From the sleek architecture of Zlín, the birthplace of the Bata shoe empire, to the rolling hills of Wallachia and the dramatic peaks of the Beskydy Mountains, this region promises an unforgettable travel experience. It's the 11th largest region of the Czech Republic with an area of almost 4000 m² and population of 580 thousand.

Zlín, the regional capital and the start of the 2nd stage of the Czech Tour, is a unique city unlike any other in the Czech Republic. Founded by Tomáš Baťa in the early 20th century, Zlín is a testament to functionalist architecture. Explore Baťa's captivating building No. 21, which was one of the first skyscrapers in Europe, or the Canal, a unique waterway that served as a transport route and a source of hydropower for the city's factories.

Or venture beyond Zlín and discover the cultural richness of Wallachia (Valašsko), a historical region known for its folk traditions, distinctive

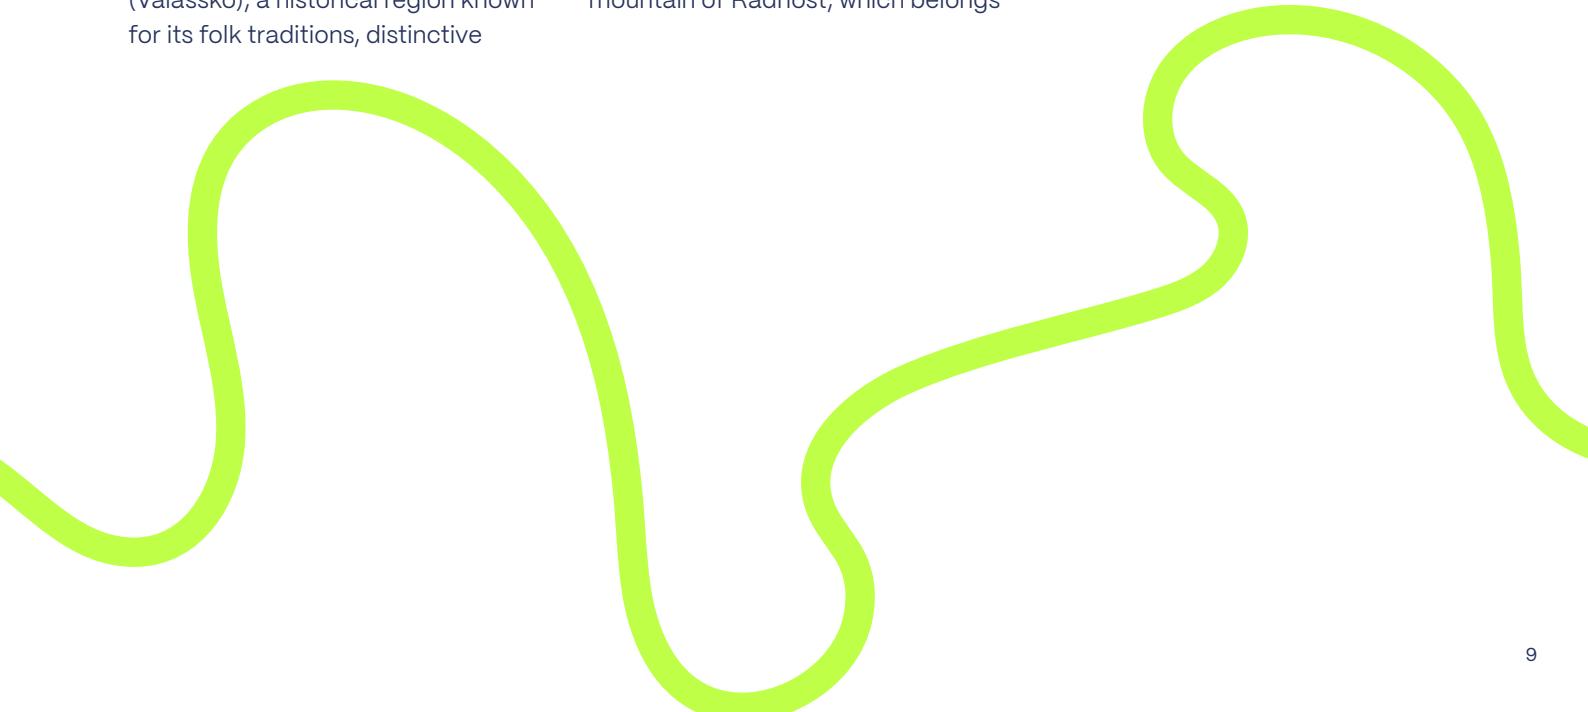

dialect, and charming wooden architecture. Visit the Wallachian Open-Air Museum in Rožnov pod Radhoštěm, which showcases traditional wooden houses and workshops demonstrating forgotten crafts. Immerse yourself in the vibrant atmosphere of a local folklore festival, where you can witness traditional music, dance and costumes.

The Zlín Region is a paradise for outdoor enthusiasts. Hike or bike through the breathtaking Beskydy Mountains, a natural wonderland with stunning vistas, dense forests, and cascading waterfalls. Challenge yourself on the demanding trails of Pustevny, a popular mountain resort offering panoramic views and a unique wooden viewing tower.

Pustevny, the finish point of the demanding 2nd stage of the Czech Tour, is a mountain saddle in the Moravian-Silesian Beskids near the mountain of Radhošť, which belongs

to Prostřední Bečva village. It was named after the hermits who lived here until 1874. "The hermitages" are characterized by wooden buildings constructed in the folk style at the end of the 19th century according to the design of architect Dušan Jurkovič. The most famous buildings of the site are Libušín and Maměnka, both were built in 1898. They are log-cabin Art Nouveau buildings with a rich decor typical of Wallachia and Slavic folk architecture in general. In 2014, Libušín was severely damaged by fire, but the reconstructed cottage was reopened two years ago.

When in the Zlín Region, you also shouldn't miss a visit the historic town of Kroměříž, a UNESCO World Heritage Site renowned for its beautiful Archbishop's Palace and its delightful Flower Gardens. Or explore the mysterious caves of the White Carpathians (Bílé Karpaty), a protected landscape area known for its unique flora and fauna.

STARS IN OLOMOUC

For the first time in history, cycling fans in the Czech Republic will also have the opportunity to see the spectacular show that spectators are used to during World Tour races! The presentation of all participants of the prestigious Czech Tour stage race, which runs from 25th to 28th July, will take place on Wednesday 24 July in the evening right in the centre of Olomouc on Horní náměstí (Upper Square). Entrance is free!

It will be fun with a chance to be almost within touching distance of the biggest stars. After all, the start list will include the line-ups of eight teams from the top World Tour series, such as UAE Emirates, whose Jersey is worn by the famous Slovenian Tadej Pogačar, or the line-ups of Visma Lease and Bike, BORA-hansgrohe, Ineos Grenadiers and Bahrain Victorious. There will also be Czech top riders, including Czech champion Mathias Vacek!

The Upper Square in Olomouc is located right in the centre of the historic centre of the city and is thus part of the city's conservation area. Here you will find, among other things, the Holy Trinity Column, which is a UNESCO World Heritage Site.

RACE HISTORY

The history of cycling race Czech Tour started in 2009 under the name Czech Cycling Tour and its second edition was won by the current director of the race Leopold König. The event has quickly improved its quality and became a part of the 1st Category of UCI Europe Tour.

Since that the race has become the most prestigious, greatest international road cycling event with the best racers participating in it. Thanks to its reputation of beautiful and safe race its popularity among the stage-races in Europe has been ever increasing.

The objective of the current director Leopold König is to get the quality of the organisation of the event as close to World Tour races as possible.

The race has been in UCI 2.1. category since 2015.

The current director of the race Leopold König won Czech Tour twice, in 2010 and 2013.

Many of the most successful cyclists in the world have participated in Czech Tour e.g. Primož Roglič, Julian Alaphilippe or Simon Yates.

SPECIFIC REGULATIONS

ARTICLE 1.

ORGANISATION

The 2024 Czech Tour, 16th edition of the event, is organized by Czech Cycling Tour, s.r.o. and Česká cyklistická z. s., under the regulations of the International Cycling Union (UCI).

The race will take place from Thursday, July 25th to Sunday, July 28th 2024.

The organisation's address is:
Czech Cycling Tour, s.r.o., Šlikova 287/20, 169 00 Prague 6, Czech Republic.

ARTICLE 2.

TYPE OF EVENT

The event is open to athletes of the Men Elite and Under 23 category, entered on the UCI Europe Tour, registered as a class 2.1 event.

The race is run under UCI regulations.

For stage races the points are awarded in conformity with article 2.10.008 to the first 25 riders of the final general ranking.

TECHNICAL GUIDE

Classification	Points
1	125
2	85
3	70
4	60
5	50
6	40
7	35
8	30
9	25
10	20
11	15
12	10
13–15	5
16–25	3

For each stage, points are awarded to the first 3 riders of the ranking.

Classification	Points
1	14
2	5
3	3

For each stage, 3 points are awarded to the rider wearing the race leader's jersey.

Race schedule:

Stage 1

25. 7. 2024, Prostějov–Ostrava
151 km, mass start at 13:00

Stage 2

26. 7. 2024, Zlín–Pustevny
172,7 km, mass start at 12:30

Stage 3

27. 7. 2024, Moravská Třebová –Dlouhé stráně
134,1 km, mass start at 12:10

Stage 4

28. 7. 2024, Šumperk–Šternberk
129,2 km, mass start at 11:00

ARTICLE 3.

PARTICIPATION

In accordance with article 2.1.005 of the UCI regulations, the number of starting cyclists per team is at least 5 and no more than 7. The teams may include riders of Men Elite and Men U23 category. According to article 2.1.005 the event is open to UCI WorldTeams (max. 50%), UCI ProTeams, UCI continental teams, UCI cyclo-cross professional teams and National teams.

ARTICLE 4.

RACE HEADQUARTERS

The race headquarters will be open starting July 24th 2024 from 15:00 and located at Clarion Congress Hotel at the following address: Jeremenkova 36, 779 00 Olomouc 9.

Confirmation of starting riders

Team representatives are requested to confirm their starters and collect their race numbers at the race headquarters on Wednesday, July 24th 2024 from 15:00 to 16:30.

Team managers' meeting

The team managers' meeting, organized in accordance with article 1.2.087 of the UCI regulations, in the presence of the Members of the Commissaires' Panel, will take place on Wednesday, July 24th 2024 at 16:45 at Clarion Congress Hotel.

Safety briefing for drivers

Safety briefing of drivers, organized in accordance with article 2.2.034 of the UCI regulations, will take place on Thursday, July 25th 2024 at 10:30 at Kulturní dům Duha, Školní 3643, Prostějov.

Race headquarters schedule:

24. 7. 2024 15:00–19:00

25. 7. 2024 08:00–09:00, 20:00–21:00

26. 7. 2024 08:00–09:00, 20:00–21:00

27. 7. 2024 08:00–09:00, 20:00–21:00

28. 7. 2024 08:00–09:00, 18:00–20:00, 15:30–16:30 also in Šternberk, Team Parking at the sports hall Ecce Hommo, Barvířská street

ARTICLE 5.

RADIO-TOUR

Race information will be broadcast on Radio-Tour, using the frequency 456,180 MHz.

ARTICLE 6.

NEUTRAL TECHNICAL SUPPORT

Neutral technical support is provided by Scott Syncross Neutral and Czech Cycling Federation with 3 support vehicles in total.

ARTICLE 7.

FINISH AT THE TOP OF A HILL-CLIMB

Article 2.6.027 shall not apply where the finish is at the top of a hill-climb. Stage with finish at the top of a hill-climb is the stage 2, July 26th 2024, and stage 3, July 27th 2024. Any discussion regarding the qualifications "at the top of a hill-climb" and "before the climb" will be decided by the commissaries panel.

ARTICLE 8.

FINISHING TIME LIMITS

For each stage the time limit is set to 15% of stage winner's time.

The time limit may, in exceptional circumstances, be increased by the Commissaires' Panel in agreement with the organizer according to the article 2.6.032.

TECHNICAL GUIDE

ARTICLE 9.

BONUSES

Bonuses, under the articles 2.6.019 to 2.6.021, will be awarded as follows:

- a) Time bonifications at the finish of stage 1, 2, 3 and 4 – 1st place 10 sec., 2nd place 6 sec., 3rd place 4 sec.,
 - b) Time bonifications at intermediate sprints of stage 1, 2, 3 and 4 – 1st place 3 sec., 2nd place 2 sec., 3rd place 1 sec.
- Points bonifications at intermediate sprints of stage 1, 2, 3 and 4 – 1st place 10 points, 2nd place 6 points, 3rd place 4 points.,
- c) Points bonifications at 1st cat mountain primes for the first 4 riders at 1st cat. primes: 8, 6, 4 and 2 points; for the first 3 riders at 2nd cat primes: 6, 4 and 2 points.

According to article 2.6.014, time bonuses are only taken into consideration for the individual general classification

ARTICLE 10.

INDIVIDUAL TIME CLASSIFICATION

Winner of this classification is the rider with lowest sum of times recorded during each stage.

In case of same times in individual classification in final placing, the following criteria shall be applied:
1 – lower sum of placings obtained in each stage
2 – better placing in the last stage ridden

The leader of this classification will wear a yellow jersey the following race day..

ARTICLE 11.

POINTS CLASSIFICATION

Winner of this classification is the rider with highest sum of points. Points are awarded at the finish of each stage with mass start. Points are awarded for the following placings at the finish:
1st – 15th place; 25, 20, 16, 14, 12, 10, 9, 8, 7, 6, 5, 4, 3, 2 a 1 point.

In case of same points at the finish of the classification, the following criteria shall be applied:

- 1 – higher number of stage wins
- 2 – number of wins in intermediate sprints counting for the general classification by points
- 3 – better placing in the general individual classification

The leader of this classification will wear a green jersey the following race day.

ARTICLE 12.

CLIMBERS CLASSIFICATION

Winner of this classification is the rider with highest sum of points received in mountain primes.

In case of same points in the general climber's classification for more riders, the following criteria shall be applied:
1 – number of first places in the highest category climbs
2 – number of first places on climbs in the next inferior category
3 – better placing in the general individual classification

The leader of this classification will wear a polka dot jersey the following race day.

ARTICLE 13.

YOUNG RIDER CLASSIFICATION

Winner of this competition is the best placed U23 rider in the general individual classification by time. The leader of this classification will wear a white jersey the following race day.

ARTICLE 14.

BEST CZECH RIDER

CLASSIFICATION

Winner of this competition is the best placed Czech rider in the general individual classification by time. The leader of this classification will be awarded a red jersey, which he will wear only for the podium ceremony, but according to UCI rules article 2.6.018 he will not wear it in the following race day.

ARTICLE 15.

MOST ACTIVE RIDER CLASSIFICATION

Most active rider from each stage will be selected by race director and commissaires' panel. Most active rider will wear a red number for the following race day.

ARTICLE 16.

TEAM CLASSIFICATION

The team classification in stage shall be calculated based on the sum of the three best individual times from each team. In case of same times in team classification in stage the following criteria shall be applied:

- 1 – better sum of places of the first 3 team riders with the best times on the stage
- 2 – better placing of their best rider on the stage classification

The team general classification will be calculated based on the sum of the three best individual times from each team in all stages. In the case of same times in the general team classification, the following criteria shall be applied:

- 1 – higher number of first places in the daily team classification
- 2 – higher number of second places in the daily team classification
- 3 – etc.

If there is still a draw, the teams will be separated by the placing of their best rider in the general individual classification.

Any team reduced to fewer than three riders will be eliminated from the general team classification.

ARTICLE 17.

PRIZES

The total prize money amount for the race is € 47 660. The prizes will be distributed according to the table on the next page.

TECHNICAL GUIDE

Individual Classification by time

Ranking	Stages classification	Final general classification
1 st	€ 3,060	€ 6,120
2 nd	€ 1,550	€ 3,100
3 rd	€ 760	€ 1,520
4 th	€ 385	€ 770
5 th	€ 315	€ 630
6 th	€ 225	€ 450
7 th	€ 225	€ 450
8 th	€ 155	€ 310
9 th	€ 155	€ 310
10 th to 20 th	€ 80	€ 160

Final general points classification:
€ 300

Final general climbers classification:
€ 300

Final general young rider classification:
€ 200

Final general best Czech rider classification:
€ 200

Most active rider of each stage:
€ 100

- leader of the points classification,
- leader of the mountain classification,
- leader of the young rider classification,
- leader of the best Czech rider classification,
- the most active rider of the stage.

Moreover, at the general finish of the event, the following riders must also present themselves at the final awards ceremony:

- the first 3 of the stage,
- the most active rider of the stage,
- the first 3 of the general classification,
- leader of the points classification,
- leader of the mountain classification,
- leader of the young rider classification,
- leader of the best Czech rider classification,
- the winning team of the general team classification.

If the rider is leading in more than one classification, the order of priority of distinctive jersey will be as follows:

- 1) GENERAL CLASSIFICATION
BY TIME – YELLOW JERSEY
- 2) GENERAL CLASSIFICATION
BY POINTS – GREEN JERSEY

3) GENERAL CLIMBERS

CLASSIFICATION – POLKA DOT JERSEY

4) GENERAL YOUNG RIDER

CLASSIFICATION – WHITE JERSEY

The rider following next in the relevant classification is required to wear the jersey which is not being worn by the leader of that classification.

ARTICLE 20. PENALTIES

The UCI penalty scale is the only one applicable.

ARTICLE 21. ENVIRONMENT

Czech Tour sets up waste collection areas – green zones. Riders must only dispose of their waste, water bottles or any other object in these specially equipped areas. Riders and followers must behave in an environmentally responsible way at all times and respect the legal provisions in force..

ARTICLE 22. SAFETY

All stages will be held under the conditions of limited traffic, in short-term closure mode. Cross traffic as well as oncoming traffic will be closed for the time of 10 minutes from the passage of the first rider in the race.

Traffic will be resumed 15 minutes after the first rider has passed. In the case of riders and other participants moving outside the closure, they are obliged to obey the rules and regulations of road traffic in the Czech Republic.

ARTICLE 18.

ANTIDOPING

The UCI antidoping regulations are entirely applicable to the event.

The antidoping tests will take place at:
25. 7. 2024 Ostrava, camper van situated in the finish area
26. 7. 2024 Pustevny, Hotel Tanečnica
27. 7. 2024 Hotel Červenohorské sedlo, Kouty nad Desnou 80
28. 7. 2024 Šternberk, Hotel M, Čechova 112/11

ARTICLE 19.

AWARDS CEREMONY

In accordance with article 1.2.112 of the UCI rules, the following riders must attend the official awards ceremony:
- the first 3 of the stage,
- leader of the general individual time classification,

TECHNICAL GUIDE

The riders and other participants are obliged to obey the UCI regulations when riding in the convoy.

The drivers of the vehicles in the convoy are obliged to follow the orders of the Commissaires' Panel, Organizer and Police officers.

During the race all vehicles in the race convoy and all other vehicles providing services outside the convoy must be labelled with labels received from the Organizer during the accreditation.

Even though the race takes place on closed roads, in the Czech Republic, as in other European countries, there is obligation to give priority to vehicles of the Integrated Rescue System (such as ambulances, fire and rescue service and police). Saving lives and protecting property comes first. In such cases, riders must give

way to these vehicles and to adapt their behaviour on the road to the circumstances regarding their own and others' safety.

ARTICLE 23.

OTHERS

23.1 Start numbers/ chips – transponders

Each rider receives 2 body numbers, 1 frame number and chip transponder for rear chain stay. Each team will be provided by a radio-tour receiver for the team car. The transponders and radio-tour receiver have to be returned to the organiser after the race. In case of not returning the transponders a fine of 130 € will be applied.

23.2 Signing of starting sheets

All riders are required to sign the starting sheet before the start of each stage according to the article 2.3.009. The starting sheets will be at disposal

at the start area 70 minutes before the start of each stage. The signing will terminate 10 minutes before the start of each stage.

Teams presentation

According to article 2.3.009 Teams are obliged to attend a teams presentation on 24th of July from 18:45 at Horní náměstí in Olomouc. The teams will receive detailed schedule from the organiser. A short podium presentation will be also organised after the signing of starting sheets before start of each stage. The schedule will be indicated in organiser's communiqué provided each day before the stage.

CZECH TOUR CODE OF RESPONSIBLE CONDUCT

We protect nature and respect the principles of sustainability, which is why we were one of the first to sign the UCI Climate Action Charter. We have decided to proactively work towards mitigating the effects of climate change, which is the single most significant modern challenge to our

lives and to cycling itself. We, with you, will be part of the solution.

Czech Tour delivers outstanding cycling while also promoting the beauty of the Czech landscape and the unique scenery the race passes through. This event is steadily winning

the hearts of fans from across Europe. However, as its popularity grows, so does our responsibility.

We have adopted ten steps to reduce the race's emissions by 2030. On this journey, we will also actively promote equal opportunities.

1. WE RESPECT NATURE AND ITS DIVERSITY

The stages of the race have been carefully planned to blend sport with the beauty of nature. We respect environmental diversity and encourage everyone to be respectful of the environment and not to litter the countryside.

2. WE PROMOTE CYCLING AS A SUSTAINABLE MODE OF TRANSPORT

We believe that cycling is more than just a way to get to the finish line – it is also a sustainable mode of transport. Whenever possible, use a bike in your day-to-day life. Cycling is fun, healthy, and environmentally friendly!

3. WE ARE COMMITTED TO SUSTAINABLE LOGISTICS

Whenever possible, we replace combustion-engined cars with electric vehicles. This reduces local emissions to a minimum. Fans and members of the organising team can also use public transport – the train or a bus – to get to the site of the event.

4. WE MONITOR THE SUSTAINABILITY OF OUR SUPPLIERS' MATERIALS, PRODUCTS, AND SERVICES

We protect the diversity of nature and contribute to sustainable development in the areas in which we operate. When making purchases, we verify the origin, quality, and reusability of products. We give priority to materials that are renewable, recycled, and further recyclable. We work with trusted manufacturers who offer ethical working conditions.

5. WE REDUCE WASTE AND PROMOTE THE CIRCULAR ECONOMY

At the event, we sort waste, minimise its generation and, where possible, look for opportunities to reuse it. We favour natural, recycled, and recyclable materials. We are moving steadily towards a circular economy where materials are not wasted and are used for as long as possible

6. WE ARE COMMITTED TO SUSTAINABLE REFRESHMENTS AND CATERING

At the event, you will find (among other things) a balanced range of vegetarian refreshments that are less of a strain on the environment. We source local food, use verified and certified suppliers, and do everything we can to ensure that food is not wasted.

7. WE ARE MEASURING OUR OWN CARBON FOOTPRINT

We want to make cycling climate neutral. We can only meet this goal by measuring our own carbon footprint and setting a plan to reduce it over time. We reduce the carbon generated in connection with the race and its organisation wherever we can

8. WE PREFER ELECTRICITY FROM 100% RENEWABLE SOURCES

Where possible, we purchase electricity generated from 100% renewable energy sources and use environmentally friendly generators as temporary power sources.

9. WE VALUE FAIR PLAY AND MUTUAL RESPECT

We encourage fair play as a core value of sport and life. All athletes deserve equal treatment. We are committed to promoting sportsmanship based on fair rules, mutual support, and respect.

10. EMPOWERING CHANGE THROUGH SPORTS

We believe in the power of sports and its ability to change people's lives for the better. We assist the cycling community and foster it, facilitating innovation in the field, know-how, and effective sustainable practices
