FINISH LINE RESTRICTIONS

Beyond the finish line is a sensitive zone:

- the security of the riders is paramount;
- the work of their team and the media take priority.

If you do not have any reason to be in this zone, you must leave it when you hear an audible signal announcing the imminent finish of the race. Tour de France management and representatives of the Amaury Sport Organisation will be responsible for checking the validity of your presence and could, if necessary, withdraw your accreditation.

LEVEL CROSSING

BE AWARE, IT'S YOUR TOUR!

ADOPT GOOD PRACTICE!

For more than ten years, the Tour de France has been implementing measures to reduce its environmental footprint. Together with the local authorities, the Départements de France (DF), Les Connexions and our new partner, Suez, you can also be a key player in our initiative.

WASTE MANAGEMENT

TO EVERYONE!

- I take responsibility for the waste I generate, both within and outside my work areas!** I use the waste management systems set up in the various areas of the Tour de France (Technical Zone, press centre, service stations, etc.). If there are no bins available, I hold on to my rubbish and dispose of it later. Under no circumstances do I discard my rubbish in a corner or leave it on a table, and I don't throw anything on the ground either, whether I'm within one of the Tour de France's zones, I'm out on the road or at a hotel! **If I smoke, I never throw my cigarette butts on the ground.**
- I take responsibility for my used sanitary protection equipment** (masks, gloves, handkerchiefs, etc.). Under no circumstances should I leave them lying around or on the ground. Once used, I dispose of them in the bins provided for household waste (grey bin bags, containers with grey stickers).
- I sort all of my recyclable packaging**, batteries, and electrical and electronic equipment using the facilities provided in the various zones. I put stickers on these recyclable products, describing what they are exactly.
- I use the rubbish bags provided by the race organisation and place them in the containers provided in the various zones** (bags can be collected from the Grand Départ office, the technical zone in the start village area, or from one of the waste management coordinators present at the starts and finishes throughout the race).

I'M A MEMBER OF THE PUBLICITY CARAVAN

- I modify the distribution of publicity products** according to location (being aware of waterways, cliff edges, etc.) and the number of spectators at the roadside.
- I encourage the public not to discard packaging** thoughtlessly when handing out promotional items.

I'M A RIDER

- During the race**, I use the collection areas to dispose of my rubbish (bottles, food wrappers).
- When outside the collection zones**, I hand my rubbish to a car in the race convoy or keep it in the pockets of my jersey.

DRIVING

IF YOU'RE USING A CAR ON THE RACE

- You should switch off the vehicle's engine if you stop for more than a minute;
- You should encourage car-sharing whenever possible;
- You should drive in an eco-friendly manner, paying attention to your speed (less pollution, less consumption).

AND ONCE AGAIN THIS YEAR,

ecosystem is helping us to recycle small pieces of used electrical equipment (coffee makers, light bulbs, etc.).

SUEZ contribue à l'amélioration de la gestion des déchets sur le Tour de France Femmes avec Zwift.

Since 2023, SUEZ has partnered with the Tour de France Femmes avec Zwift to help race followers and guests with their water consumption and waste management. SUEZ is playing a key role during the race in improving the distribution of drinking water as well as dealing with waste management.

No more plastic bottles! Each race follower will be given a reusable water bottle, which can be filled at the water fountains set up at stage starts and finishes. Guests, meanwhile, will be offered an ecocup at the catering areas, where self-service fountains will also be available.

ADOPTÉZ LES BONNES PRATIQUES!

ecosystem recycler c'est protéger
nous accompagne dans le recyclage des petits équipements usagés (cafetières, ampoules...) via les référents gestion des déchets.

Merci de faire bon usage des sacs-poubelle fournis et des différents contenants mis à votre disposition sur les zones du Tour de France: zones techniques, parkings Caravane, stations-service... en respectant les consignes de tri. Pour un réapprovisionnement de sacs-poubelles ou toute information concernant la gestion des déchets, rapprochez-vous des référents gestion des déchets du Tour de France.

Please, use the waste bags and the various containers provided in Tour de France areas (technical areas, petrol stations...), following selective sorting. Wastebags replenishment and information are available from the Tour de France waste management coordinators.

THE TOUR AND GOOD DRIVING

DISINFECTION

- I disinfect and clean the interior of my vehicle with virucidal products every day

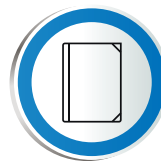

CONTROL OF YOUR VEHICLE

- Check it visually every time before you drive it and check the tyre pressures every week

BE READY AND ALERT

- Stick to a healthy lifestyle for the 3 weeks (sleeping well, eating well...)

ROADBOOK

- I read the roadbook
- I prepare the stage in advance and note the distinctive features

SEATBELTS

- Their use is obligatory in both the front and rear seats of vehicle

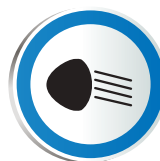

RESPECT

- Instructions given by the race organization (access, evacuation);
- Other race followers;
- The places you are travelling through that are hosting the Tour

REGULATE SPEED AND KEEP A SAFE DISTANCE BETWEEN VEHICLES

- At 30 or 50 kph in built-up areas, according to road signs;
- At 30 kph when there are large crowds at the roadside;
- At a maximum of 80 kph outside built-up areas

KEEP HEADLIGHTS ON

- Headlights are to be used constantly on dipped beam (even if your vehicle is equipped with daytime running lights)

ON PRIVATISED AND PUBLIC ROADS

- Respect the rules of the road and remain attentive to road signs

PSYCHOTROPES

- Alcohol limit: 0.0g/litre of blood;
- Alcohol screening and tests for cannabis use will be carried out during the race

MOBILE/CELL PHONES

- Drivers are prohibited from using them

U-TURNS ARE NOT ALLOWED

- Driving against the flow of traffic on the race route is strictly prohibited, even over a short distance

Penalties

All improper behaviour (speeding, use of a mobiles, sexual and sexist harassment, not respecting the rules, etc.) will be subject to penalties ranging from a warning to temporary exclusion from the race, or even more severe penalty for more serious or repeat offences.

- Refusal to obey vehicle regulations** will result in the immediate withdrawal of the vehicle concerned from the race caravan and its driver being called before the disciplinary committee.
- The tolerances allowed on the roads within this privately run event** do not extend to lessening of the criminal responsibility of every driver in the event of an accident.

RACE REGULATIONS

ARTICLE 1. ORGANISATION

The 4th TOUR DE FRANCE FEMMES AVEC ZWIFT is organised by TDF Sport and Amaury Sport Organisation (A.S.O.) under the regulations of the Union Cycliste Internationale (UCI) and the Fédération Française de Cyclisme (FFC). It takes place Saturday 26 July to Sunday 3 August and comprises 9 stages. The Tour de France Femmes avec Zwift is registered on the UCI Women's WorldTour calendar.

ARTICLE 2. PARTICIPATION

The event is open to UCI Women's WorldTeams and UCI Women's Pro teams. A maximum of 22 teams of 7 riders each, i.e. 154 competitors, will take part in the event. By entering and/or participating in and/or being present at the event, each team, each of its members and, more generally, each accredited person, confirms that they accept all of the provisions laid out in these regulations and undertake to comply with them.

ARTICLE 3. PERMANENCE

The welcome desk will be open on Friday 25 July from 14.30 to 18.00 at the following address:
LE CHORUS – PARC DES EXPOSITIONS DE VANNES
PARC DU GOLFE – 8 RUE DANIEL GILARD
56000 VANNES
Team officials can collect their race numbers between 15.00 and 16.45.
The sports directors' meeting with members of the commissaires' jury will be held at 17.00 at the race headquarters.

ARTICLE 4. RADIO-TOUR

Race information will be broadcast on the Radio-Tour frequency of 170.1750 MHz.

ARTICLE 5. NEUTRAL TECHNICAL ASSISTANCE

Neutral technical assistance will be provided by SHIMANO. The service will be provided by three cars and one motorbike.

ARTICLE 6. GENERAL INDIVIDUAL TIME CLASSIFICATION

The general individual time classification is established by adding together the times recorded in each of the 9 stages, taking into account penalties in accordance with article 2.6.014 of the UCI regulations.

In the event of a tie, the places obtained in each stage are added together and, as a last resort, the place obtained in the last stage contested is used.

The leader of the general individual time classification wears the yellow jersey.

ARTICLE 7. POINTS CLASSIFICATION

A points classification is established by adding together the points obtained in each of the 9 stages, as well as in the intermediate sprints, according to the following scales and taking into account points deducted as a result of penalties.

For road stages without any significant difficulty (stages 3 and 4): 50 - 30 - 20 - 18 - 16 - 14 - 12 - 10 - 8 - 7 - 6 - 5 - 4 - 3 - 2 points for the first 15 riders classified.
For road stages that are hilly (stages 1, 2, 5 and 7): 30 - 25 - 22 - 19 - 17 - 15 - 13 - 11 - 9 - 7 - 6 - 5 - 4 - 3 - 2 points to the first 15 classified riders.

For road stages that are particularly difficult (stages 6, 8 and 9): 20 - 17 - 15 - 13 - 11 - 10 - 9 - 8 - 7 - 6 - 5 - 4 - 3 - 2 - 1 points to the first 15 classified riders.

At each intermediate sprint: 25 - 20 - 17 - 15 - 13 - 11 - 10 - 9 - 8 - 7 - 6 - 5 - 4 - 3 - 2 points to the first 15 classified riders.

The leader of the points classification wears the green jersey.

In accordance with article 2.6.017 of the UCI regulations, in the event of riders being tied on points in this classification, they will be separated by their number of stage wins, then by the number of wins in intermediate sprints counting towards the points classification and, finally, by their position in the general individual classification. Riders must finish the Tour de France Femmes avec Zwift in order to be eligible for prizes available in the points competition. In the event that a rider (or riders) finishes outside the time limit and is (are) allowed back into the race by the commissaires' jury, all of the points she (they) have accumulated in the points classification will be withdrawn.

ARTICLE 8. BEST CLIMBER CLASSIFICATION

The best climber classification is established by taking into account all of the passes and climbs on each of the 7 road stages and in accordance with article 2.6.017 of the UCI regulations.

The following points are awarded for each pass or climb:

- Super-category passes or climbs or summit finishes: 15 - 12 - 10 - 8 - 6 - 4 - 2 - 1 points to the first 8 classified riders;

- 1st-category passes or climbs or summit finishes: 10 - 8 - 6 - 4 - 2 - 1 points to the first 6 classified riders;

- 2nd-category passes or climbs: 5 - 3 - 2 - 1 points to the first 4 classified riders;

- 3rd-category passes or climbs: 3 - 2 - 1 points to the first 3 classified riders;

- 4th-category passes or climbs: 2 - 1 points to the first 2 classified riders.

An overall classification is established by adding up the points obtained on all the passes and climbs.

The leader of the classification wears the white jersey with red polka dots.

In accordance with article 2.6.017 of the UCI regulations, in the event of a tie in the overall mountain classification, the following criteria are applied until a tie is broken:

- number of first places on super-category passes or climbs or summit finishes;
- number of first places on 1st-category passes or climbs or summit finishes;
- number of first places on 2nd-category passes and climbs;
- number of first places on 3rd-category passes or climbs;
- number of first places on 4th-category passes or climbs;
- the individual general time classification.

ARTICLE 9. BEST YOUNG RIDER CLASSIFICATION

The best young rider classification will be contested only by riders born on or after 1 January 2003.

The highest placed rider among these in the general individual time classification will be the best young rider for that day. At the end of the final stage, she will be declared the winner of the best young rider classification.

The leader of the best young rider classification wears the white and purple jersey.

ARTICLE 10. GENERAL TEAM CLASSIFICATION

In accordance with article 2.6.016 of the UCI regulations, each day's team classification will be established by adding together the three best individual times of each team. In the event of a tie, teams will be separated by adding together the places obtained by their first three riders on that stage. In the event of a further tie, the teams will be separated by the position of their best-placed rider on that stage.

The general team classification will be established by adding together the three best individual times in all of the stages run. In the event of a tie, the following criteria will be applied until the tie is broken:

- 1) number of first places in the team classification each day;
- 2) number of second places in the team classification each day, etc...

If there is still a tie, the teams will be separated by the position of their best rider in the general individual classification.

Any team with fewer than three riders will be eliminated from the general team classification.

ARTICLE 11. PRIZE FOR THE MOST AGGRESSIVE RIDER

The prize for the most aggressive rider will be awarded to the rider who makes the most commitment in their effort and shows the best sporting spirit. This prize, awarded on each of the 9 road stages, will be decided by a jury chaired by the race director.

At the end of the Tour de France Femmes avec Zwift, the members of the jury will select the race's most aggressive rider, the "super-combative".

ARTICLE 12. TIME LIMITS

The time limits are as follows:

- 3rd and 4th stages: 12%
- 1st, 2nd, 5th and 7th stages: 15%
- 6th, 8th and 9th stages: 20%

Any exception to these limits may be decided by the commissaires' jury after consultation with the race director.

The finishes of stages 1, 2, 8 and 9 are uphill. Therefore, the rule applying to the last 3km does not apply.

ARTICLE 13. STAGES EXPECTED TO FINISH WITH A BUNCH SPRINT

The following stages have been identified as "likely to finish with a bunch sprint".

- Stage 3 / La Gacilly > Angers (sprint zone starts at 5km to go)
- Stage 4 / Saumur > Poitiers (sprint zone starts at 5km to go)

The sprint zone test protocol for stages "likely to finish with a bunch", which is published on the UCI website in the regulations section, will be applied on these stages. The distance of the extension provided for in article 2.6.027 is noted in brackets (X km) and the calculation of time gaps will be applied as laid down in the protocol.

ARTICLE 14. BONUS

Time bonuses will be awarded at the finishes of all 9 road stages; they are 10, 6 and 4 seconds to the first three classified riders, respectively. Bonuses known as Bonus Points will be awarded at key points of difficulty on the race route. There are 3 Bonus Points in all, located on the 2, 5 and 6 stages, respectively. These bonuses will amount to 6, 4 and 2 seconds for the first three classified riders.

ARTICLE 15. LEADERS' JERSEYS

On all stages, each rider may only wear the jersey, shorts and cap of her team, which must comply with UCI regulations, unless they are required to wear the world champion's jersey, a UCI Women's WorldTour leader's jersey, a continental champion's jersey or a national champion's jersey. The leaders of the general time classification, the points classification, the best climber classification and the best young rider classification must wear:

- in the 1st case, the yellow jersey
- in the 2nd case, the green jersey
- in the 3rd case, the white jersey with red polka dots
- in the 4th case, the white and purple jersey;

All of these jerseys must be worn as supplied by the organisation. They may be fitted with rectangular advertising strips bearing team names within the limits set by UCI regulations. There is an established order of priority for the different leaders' jerseys: the yellow jersey, then the green jersey, then the white jersey with red polka dots, then white and purple jersey. If a rider is leading different classifications, she naturally only wears one jersey: the one designated by this order of priority. The other jerseys are then worn by the second-placed rider in the corresponding classification, or the 2nd, 3rd or 4th. However, if this rider has to wear a world champion's, a UCI Women's WorldTour leader's, a continental champion's or a national champion's jersey, she will wear that jersey. The yellow, green, white with red polka dots, and white and purple

jerseys (short-sleeved or long-sleeved) must be worn from the pre-stage sign-on until the post-stage press conference.

However, the leader of a classification may attend the official ceremony wearing the jersey of her sporting group.

In addition:

- the rider designated as the most aggressive will be identified by two specific race numbers featuring white numerals on a red background.
- the riders on the leading team in the team classification will wear specific numbers featuring black numerals on a yellow background, plus yellow helmets supplied by the teams;
- the red number of the most aggressive rider takes precedence over the other numbers.

ARTICLE 16. THE FIGHT AGAINST DOPING - ANTI-DOPING CONTROLS

A.S.O. and each of the participating teams consider it an absolute necessity to scrupulously respect the rules and recommendations laid down by the competent authorities in the fight against doping, as well as the obligation to observe totally irreproachable conduct in this respect. The participating teams undertake to apply said rules and recommendations and will be fully responsible for their full compliance by their riders and, more generally, by all of their employees and service providers.

Doping controls will be carried out under the aegis of the UTA by designated officials at the finish of each stage, in the organisation's mobile home.

ARTICLE 17. PROTOCOL - INTERVIEWS

At the end of each stage, the following riders must present themselves for the ceremony protocol:

- the stage winner;
- the leader of the general individual classification;
- the leader of the points classification;
- the leader of the best climber classification;
- the leader of the best young rider classification;
- the stage's most aggressive rider;
- the 1st rider at the bonus point (stages 4, 5 and 6)

The stage winner and the leader of the general classification must report to the press room.

The official ceremony for the team classification will take place before the start of the next stage, but on road stages only.

All riders from the leading team in this classification on the previous stage must attend the official ceremony at the sign-on podium in their race clothing, accompanied by one of their sports directors.

The following must attend the final ceremony:

- the winner of stage 9;
- the stage's most aggressive rider;
- the leader of the best young rider classification;
- the leader of the best climber classification;
- the leader of the points classification;
- the most aggressive rider (super-combative) at the Tour de France Femmes avec Zwift;
- The winner of the 4th Tour de France Femmes avec Zwift
- the top three finishers in the general individual classification;
- presentation of the winners of the four leaders' jerseys;
- the winning team in the general team

classification

ARTICLE 18. UCI CLASSIFICATIONS

The event counts towards the Elite Women's classification and awards points in accordance with articles 2.10.009 to 2.10.017 of the UCI regulations.

ARTICLE 19. PENALTIES

The scales are in accordance with the UCI regulations.

ARTICLE 20. ENVIRONMENT

A.S.O. will put in place collection zones for waste products. Riders may only dispose of their waste, bottles and any other objects in these zones. Riders and race followers must behave in an environmentally responsible manner in all circumstances, in accordance with the legal provisions in force.

ARTICLE 21. DISQUALIFICATION - EXCLUSION

21.1. A.S.O. considers the protection of its image, its reputation and that of the event to be fundamental.

A.S.O. expressly reserves the right to refuse participation in – or to exclude from – the event any team or one of its members whose presence would be likely to damage the image and/or reputation of A.S.O. and/or the event.

21.2. In addition, A.S.O. may reject or exclude from the event a team or one of its members in the following cases:

- infringement of the rules of the event, including those concerning internal discipline (e.g. rules concerning accommodation);
- serious breach of French law;
- acts of vandalism committed during or outside the race;
- indecent dress or inappropriate behaviour;
- any other act or issue that could damage the image and/or reputation of A.S.O. and/or the event.
- failure to comply with the sanitary measures put in place, if the situation so requires, to combat the spread of the SARS-CoV-2 virus (Covid-19).

21.3. The process for disqualification or exclusion referred to in articles 21.1 and 21.2 above shall be exercised under the following conditions:

a) A.S.O. shall notify the team of its decision in writing, either by registered letter with acknowledgement of receipt, by hand-delivered letter with receipt, by fax or by email. This letter should:

- specify whether the disqualification or exclusion is to be applied to the whole team or to certain named team members;
- specify that, in the event that the disqualification or exclusion is linked to the presence of one or more of its named members, the team will, in its capacity as employer, withdraw the member or members from its line-up for the event or, failing that, automatically renounce the entire team's participation in the event;
- indicate the reasons on which it is based;
- mention that, in order to appeal this decision, the team will have a period of 24 (twenty-four) hours from the receipt of the letter detailing the disqualification or exclusion to refer the matter to the Court of Arbitration for Sport (CAS) in Lausanne; that, failing this, the team will be deemed to have definitively accepted the disqualification or exclusion.

b) If an appeal is lodged by the team, the CAS will immediately appoint a sole arbitrator under an accelerated procedure pursuant to the procedural rules of the CAS. After having called upon each party to set out its case, the arbitrator will decide, within the time limits imposed, whether to disqualify or exclude the entire team or any of its members. The language of the arbitration will be French. The arbitrator will rule on the dispute in accordance with the rules of French law. The arbitrator's decision will not be subject to appeal.

ARTICLE 22. IMAGE RIGHTS

To enable the widest possible broadcast and promotion of the Tour de France avec Zwift, each team and, therefore, each rider representing it, acknowledges that its participation in the event authorises the race organisation and their rights-holders or representatives to capture and broadcast, without any remuneration whatsoever, their names, voices, images, biographies and, in general, their sporting performance within the framework of the Tour de France avec Zwift as well as the brand(s) of their equipment suppliers and sponsors, in any form, or any existing or future medium, in any format, for the purposes of communication to the public throughout the world, for any use including advertising and/or commercial purposes without any limitation other than those listed hereafter, and for the entire period for which these uses are protected by legal and regulatory provisions, by legal decisions and/or rulings of any country, as well as current or future international agreements, including any extensions that may be made to this period of protection.

However, when the race organisers authorise a third party to use images from the race for purposes of advertising and promotion, it will not authorise these third parties to use the name, voice, image, biographies or the riders' sporting performance,

nor the brands of their sponsors or equipment suppliers, with a view to a direct or indirect association between that rider, the brand name of her sponsor or supplier and the product, service, brand name or trade name of the said third party without the express authorisation of the rider, sponsor or supplier concerned.

Similarly, with the exception of books, photo books, comics, in any form of publication, videocassettes, CD-ROMs, DVDs or, more generally, any videograms or videodiscs, in any medium or format whatsoever, the subject of which relates in whole or in part to the Tour de France Femmes avec Zwift, posters, roadbooks, autograph books, maps, postcards, official programmes relating to the Tour de France avec Zwift, the organiser will not exploit nor authorise the use of the individual image of a rider in the context of the marketing of merchandising products.

ARTICLE 23. BETTING

In order to avoid any risk of a conflict of interest, the teams and each of their members (riders, support staff, coaches, doctors, etc.) are obliged not to engage personally in sports betting ventures relating to the Tour de France avec Zwift, either directly or through an intermediary.

ARTICLE 24

These regulations were written in French, the language that will have probative force in the event.
